

Sentiment	Text	Difficulty for Naive Bayes		
Positive	The product qual	Easy: High frequency of "amazing" and "quality".		
Negative	This is the worst	Easy: Clear negative words like "worst".		
Positive	I was skeptical at	Medium: Contains negative words ("skeptical", "cannot") used in a positive context.		
Negative	The item looks g	Hard: Contains "good" (positive) but the overall intent is negative.		
Negative	I love hating this	Hard: Sarcasm; "love" usually weights positive in Naive Bayes.		
Positive	Not bad at all, ac	Medium: Double negative ("Not bad").
